The image displays a grid of 20 Nutri-Score labels, organized into four rows and five columns. The rows are labeled on the left as '2 SCORES', '3 SCORES', '4 SCORES', and '5 SCORES'. Each label features the Nutri-Score scale (A, B, C, D, E) with a specific letter highlighted in a dark circle. Below the scale, text indicates the product class for each letter. For example, in the '2 SCORES' row, the first label has 'A' highlighted, with 'A: nom du produit classé A' and 'B: nom du produit classé B' listed below. The labels progress through the scale from left to right and top to bottom, ending with 'E' highlighted in the bottom-right label.
